Top Shared Management & Performance Challenges

- **Information Technology Management Security** – Keeping the Government's information systems safe and effective is crucial to program operations.
- **Financial Management and Performance** – Agencies need to be increasingly innovative in finding ways to maximize scarce financial resources.
- **Human Capital Management** – Hiring, training, and retaining a competent and motivated workforce is a performance challenge that concerns the entire Government.
- **Procurement and Grants Management** – Have historically been prone to fraud and waste. Improving management in these areas, while minimizing loss, continues to be a challenge.
- **Performance Management and Accountability** – Agencies must obtain and effectively use reliable performance management and accountability data in order to make informed decisions and achieve the greatest benefit to the public.

CIGIE Mission (continued):

- Increase the professionalism and effectiveness of personnel by developing policies, standards, and approaches to aid in the establishment of a well-trained and highly skilled workforce in the offices of the Inspectors General.
