on INTEGRITY and EFFICIENCY

January 8, 2021

CIGIE Members,

As members of the IG community, we support the highest ideals of public service and accountability. In light of this week's unprecedented events at the U.S. Capitol, our community's commitment to non-partisan, transparent oversight is more important than ever. We reiterate our collective commitment to fulfilling that obligation and to promoting integrity, transparency, impartiality, and accountability. Our community will keep moving forward with these principles in mind to advance good government for all Americans and promote public trust in our government.

Sincerely,
