United States Senate
340 Dirksen Senate Office Building

Dear Mr. Chairman:

The *Inspector General Act of 1978*, as amended, requires that statutory Offices of Inspector General comply with generally accepted government auditing standards in carrying out audits and attestations of agency programs and operations. Under these standards, Offices of Inspector General are required to undergo an external peer review at least once every 3 years by an independent reviewer, which the *Inspector General Act of 1978* specifies as an audit entity in the Federal Government. The objective of each peer review is to determine whether an Office of Inspector General's (OIG) internal quality control system is in place and operating effectively to provide reasonable assurance that established policies, procedures, and applicable auditing standards are being followed.

To ensure consistency in the peer review process, the Council of the Inspectors General on Integrity and Efficiency's *Guide for Conducting External Quality Control Reviews of the Audit Operations of Offices of Inspector General* is used by the OIG conducting the review. Consistent with the requirements in this guide, provided below is a listing of the 16 audit peer reviews completed during calendar year 2016.

- U.S. Agency for International Development
- Amtrak
- Corporation for National and Community Service
- U.S. Department of Defense
- U.S. Department of Energy
- U.S. Election Assistance Commission
- Farm Credit Administration
- Federal Maritime Commission
