The Federal Election Commission (FEC) is seeking an individual in the OIG community to work on a reimbursable 120-day detail beginning May 13, 2019 (which could be extended for an additional 90 to 120 days upon mutual agreement) to serve as Acting FEC Inspector General (IG), until the recruitment and appointment of a new, permanent Inspector General is completed. About the FEC:

The FEC is an independent federal agency with exclusive jurisdiction over the administration, interpretation, and civil enforcement of the Federal Election Campaign Act, which requires disclosure of campaign contributions and expenditures by candidates for Federal office and committees supporting those candidates, and imposes limitations on the amount and sources of such contributions. The FEC also administers the federal programs that provide public funding to qualified candidates for President and Vice President. By ensuring that the required campaign finance disclosures are made and that the campaign finance rules are effectively and fairly enforced, the Commission seeks to foster the electorate’s confidence in the integrity of the nation’s political process. The FEC is headed by six Commissioners, no more than three of whom may represent the same political party, who are appointed by the President with the advice and consent of the Senate. Further information about the Commission can be found on its website at www.fec.gov.
