

## **Reimbursable Detail Opportunity- IT Specialist GS 12/13**

The U.S. International Trade Commission Office of Inspector General (USITC OIG) is pleased to offer a reimbursable detail opportunity to current Inspector General community staff in Series 2210 at the GS 12 or 13 levels. Details will generally last three to six months, with full or part-time positions negotiable. Temporary promotions will be considered for high-performing candidates.

The position is in Washington, DC, with telework or remote work. No travel expenses will be authorized. The opportunity is available immediately and will remain open until filled.

### **Detail Description**

The detailee will provide technical support to OIG operations in a small and highly specialized Inspector General office. The work will include deploying, monitoring, and operating enterprise-level hardware and software that encompass the OIG's IT infrastructure. Detailee must have experience and skills in maintaining the integrity and availability of systems, networks, and data. Familiarity or interest in learning Power BI is desirable. Desired but not required skills include knowledge of planning and performance of IT security-related program audits or evaluations as the detailee may have opportunities to participate in peer or information technology reviews. Professional development opportunities, such as attending senior staff meetings and working directly with the AIG for Audit and other senior staff members within the OIG and Commission, will be made available to the detailee.

### **Mission**

The U.S. International Trade Commission is an independent, quasi-judicial Federal agency with broad investigative responsibilities on trade matters. The agency investigates the effects of dumped and subsidized imports on domestic industries and conducts global safeguard investigations. The Commission also adjudicates cases involving imports that allegedly infringe on intellectual property rights.

The Office of Inspector General is responsible for agency oversight, the investigation and prevention of fraud, waste, and abuse, and the promotion of effectiveness, efficiency, and integrity of the USITC.
