

**Vice President for Audit**

**Metropolitan Washington Airports Authority**

**Salary: \$164K - \$269K**

**Location: Arlington, VA**

***Relocation provided***

**Position Closes: October 7, 2022 @ midnight**

- The **Vice President for Audit** provides strategic vision and prioritization for the Office of Audit and serves as the Airports Authority's technical expert in the internal audit function.
- Works under the administrative supervision of the President and Chief Executive Officer (CEO) and the Chair of the Board of Directors.
- Serves in the Office of Audit at the Headquarters Office in Arlington, VA.
- Develops an overall internal annual audit plan, including an annual risk assessment by assessing all audit requirements.
- Evaluates controls, recommends improvements, and reports results to the Risk Management Committee of the Board and the President and CEO.
- Directly and through subordinate staff, oversees the implementation of a broad, risk-based audit plan to provide assurance that the Airports Authority has an effective system of internal controls encompassing financial, administrative, and information management (including information technology). Performs related functions.

## **EDUCATION**

- A Bachelor's Degree in Finance, Accounting, or Economics, or related field.

## **QUALIFICATIONS**

- Ten years of progressively responsible experience in auditing, with an emphasis on accounting.
- Eight of the ten years of experience must include preparing or reviewing internal and external financial statements and reports; preparing audit policies and plans, including risk assessments; conducting internal or external audits; assessing fiscal controls, policies, and practices of an organization; and implementing Government Accounting Standards Board standards, IRS regulations, Federal government contracting and reporting requirements, and IIA Standards.
- Must have experience as a second level or higher supervisor of auditing professionals.
- Comprehensive knowledge of and ability to apply auditing standards and methods (including Institute of Internal Auditors (IIA) *International Standards for the Professional Practice of Internal Auditing*, Generally Accepted Government Auditing Standards, Generally Accepted Auditing Standards, and Generally Accepted Accounting Principles) to routine and non-routine auditing; developing risk assessments and internal audit plans; and conducting and reporting the results of internal audits of financial statements, contracting, and fixed assets accounting.
- Ability to perform complex analyses of data and information and make recommendations.
