AGENDA – LEARNING OBJECTIVES

1. What is the GAAP hierarchy for federal reporting entities?
2. How does FASAB translate user needs into accounting standards?
3. What is in the Annual Report and Three-Year Plan?
4. Which projects are in the pre-proposal stage?
5. What guidance has been proposed?
6. What guidance has been recently completed and what are the effective dates?
7. Why is FASAB evaluating existing standards?
8. How can you get involved in the standards-setting process?
9. How to stay connected!
1. WHAT IS THE GAAP HIERARCHY FOR FEDERAL REPORTING ENTITIES?
FEDERAL GAAP HIERARCHY [SFFAS 34]

CONCEPTS (SFFAC)
Non-Authoritative Foundation for Developing Standards

a. STANDARDS (SFFAS) and Interpretations

b. FASAB Technical Bulletins and AICPA Industry Audit and Accounting Guides cleared by FASAB

c. Technical Releases of the Accounting and Audit Policy Committee (AAPC) of the FASAB

d. Staff Implementation Guidance published by FASAB

Note: For more details please see SFFAS 34: The Hierarchy of Generally Accepted Accounting Principles, Including the Application of Standards Issued By the Financial Accounting Standards Board
CateGory A: Standards (SFFAS) and Interpretations

Standards

Using a due process and a consensus building approach, the Board promulgates accounting standards after considering the financial and budgetary information need of Congress, executive agencies, other users of federal financial information, and comments from the public. There are 56 standards.

Interpretations

Interpretations clarify original meaning, add definitions, and provide other guidance for existing SFFASs. There are 8 Interpretations.
Technical Bulletins

Technical bulletins provide guidance for applying statements and interpretations and resolving issues not directly addressed by them.

Technical bulletins are used when the nature of an issue does not warrant more extensive due process. They are generally in question and answer format.

There are 10 Technical Bulletins.
The Accounting and Auditing Policy Committee (AAPC) provides implementation guidance through technical releases that are reviewed and published by the FASAB.

There are 19 Technical Releases.
Staff Implementation Guidance (SIG)

The staff provides implementation guidance. Such guidance is issued if a majority of the Board does not object.

There are 3 SIGS.
2. HOW DOES FASAB TRANSLATE USER NEEDS INTO ACCOUNTING STANDARDS?

Potential Project → Three-Year Plan → CONSIDER INPUT → RESEARCH → Pre-Proposal → Board Deliberation → Formal Proposal → Rinse and Repeat or Finalize Standards / Guidance → CONSIDER INPUT
3. WHAT IS IN THE ANNUAL REPORT AND THREE-YEAR PLAN?
ANNUAL REPORT AND THREE-YEAR PLAN

- Statement from the Chair
- Three-year plan for the technical agenda
- Status of current projects
- Potential projects
4. WHICH PROJECTS ARE IN THE PRE-PROPOSAL STAGE?
PRE-PROPOSAL PROJECTS

- Note Disclosures
- Risk Reporting
- Reporting Model
NOTE DISCLOSURE CONCEPTS

Overview of Project:

- Improve relevance, clarity, consistency, and comparability of note disclosures among the federal entities

6. WHAT GUIDANCE HAS BEEN RECENTLY COMPLETED AND WHAT ARE THE EFFECTIVE DATES?
SFFAS 51: Insurance Programs
- Effective for Periods Beginning after September 30, 2018

Summary

This Statement establishes accounting and financial reporting standards for insurance programs. It provides standards to ensure that insurance programs are adequately defined and report consistent information about the liabilities for losses incurred and claimed as well as expected losses during remaining coverage. These standards replace the insurance and guarantee program standards provided in paragraphs 97-121 of Statement of Federal Financial Accounting Standards 5, Accounting for Liabilities of The Federal Government.
SFFAS 52: Tax Expenditures
- Effective for Periods Beginning after September 30, 2017

Summary

This Statement requires certain information on tax expenditures to assist users of the consolidated financial report of the U.S. Government (CFR) in understanding the existence, purpose, and impact of tax expenditures.

Specifically, this Statement identifies the CFR.
SFFAS 53: Budget and Accrual Reconciliation

- Effective for Periods Beginning after September 30, 2018

Summary

This Statement amends requirements for a reconciliation between budgetary and financial accounting information established by Statement of Federal Financial Accounting Standards (SFFAS) 7, Accounting for Revenue and Other Financing Sources and Concepts for Reconciling Budgetary and Financial Accounting. To increase informational value and usefulness, and to support the government-wide financial statement reconciling net operating cost to the budget deficit, this Statement provides for the budget and accrual reconciliation (BAR) to replace the statement of financing. The BAR explains the relationship between the entity’s net outlays on a budgetary basis and the net cost of operations during the reporting period.
SFFAS 54: Leases

- Effective for Periods Beginning after Sept 30, 2020
  (early adoption not permitted)

Summary

This Statement revises the financial reporting standards for federal lease accounting. It provides a comprehensive set of lease accounting standards to recognize federal lease activities in the reporting entity’s general purpose federal financial reports and includes appropriate disclosures.
SFFAS 55: Inter-entity Costs
- Effective for Periods Beginning after September 30, 2018

Summary

Statement of Federal Financial Accounting Standards (SFFAS) 4, Managerial Cost Accounting Standards and Concepts (including Interpretation 6, Accounting for Imputed Intra-departmental Costs: An Interpretation of SFFAS No. 4), required reporting entities to recognize the full costs of services received from other federal reporting entities even if there was no requirement to reimburse the providing reporting entity for the full cost of such services.

This Statement revises SFFAS 4 to provide for the continued recognition of significant inter-entity costs by business-type activities and rescinds the following:

a. SFFAS 30, Inter-Entity Cost Implementation: Amending SFFAS 4, Managerial Cost Accounting Standards and Concepts

b. Interpretation 6, Accounting for Imputed Intra-departmental Costs: An Interpretation of SFFAS No. 4

Technical Release 19: Rescission of Technical Release 8
Issued and Effective: January 15, 2019
SFFAS 56: Classified Activities
– Issued & Effective October 4, 2018

SUMMARY

The objective of this Statement is to balance the need for financial reports to be publicly available with the need to prevent the disclosure of classified national security information or activities in publicly issued General Purpose Federal Financial Reports (GPFFRs). This Statement allows financial presentation and disclosure to accommodate user needs in a manner that does not impede national security.

Interpretation of Federal Financial Accounting Standards 8:
An Interpretation of Statement of Federal Financial Accounting Standards 56, Classified Activities - Issued & Effective: March 15, 2019
Staff Implementation Guidance 6.1

Issued & Effective July 17, 2018

Summary

This guidance addresses implementation guidance provided in Statement of Federal Financial Accounting Standards (SFFAS) 6, Accounting for Property, Plant, and Equipment, as amended. Specifically, it responds to a question raised since the issuance of SFFAS 50, Establishing Opening Balances for General Property, Plant, and Equipment: Amending Statement of Federal Financial Accounting Standards (SFFAS) 6, SFFAS 10, SFFAS 23, and Rescinding SFFAS 35.
7. WHY IS FASAB EVALUATING EXISTING STANDARDS?
EVALUATING EXISTING STANDARDS

▪ Objective

▪ Identify opportunities to clarify requirements and assess if any requirements should be eliminated

▪ Approach

▪ Considering particular topics, especially for requests that benefits clearly exceed costs
EVALUATING EXISTING STANDARDS

Status

- Currently considering how to assign liabilities when multiple component reporting entities are involved

If you wish to propose an existing standard or topic to be evaluated, please contact Melissa Batchelor at: BatchelorM@fasab.gov
8. HOW CAN YOU GET INVOLVED IN THE STANDARDS-SETTING PROCESS?
GET INVOLVED BY:

• Reviewing Three-Year Plan and providing comments
• Joining work groups and task forces
• Providing education sessions in your areas of expertise
• Completing FASAB surveys
• Attending Board meetings – in person or virtual
• Submitting answers to exposure drafts
• Submitting technical inquiries when necessary
