Message from CIGIE ERM Working Group Chair and Volunteers

As many of you know, our co-chair Dr. Temika Edwards departed the OIG community. This has contributed to reduced resources available to the working group. Given current staff and budgetary limitations, working group volunteers are examining opportunities to continue offering meaningful content and speakers going forward. As such, we have suspended ERM CIGIE working group quarterly meetings until we have an opportunity to gather additional resources and assess capacity to provide these opportunities. In the meantime, if you are interested in volunteering to assist the ERM working group, please reach out to Jessica Southwell (southwell.jessica@oig.dol.gov), Jessica Rivera (jessica.rivera@usdoj.gov), or Holly Swoboda (hswoyoda@hudoig.gov). We will continue to issue this newsletter twice a year, which we anticipate being summer and winter. We appreciate your understanding and hope you have a wonderful summer.

2024 Q2 AFERM President's Address

The AFERM President, Jason Bruno, provided details from a February 2024 Board special session that led to a number of priorities for the year aimed at increasing membership value. Additionally, details regarding the upcoming AFERM 17th annual Summit were released.

Theme: ERM, Where Government Decision-Making and Strategy Meet

Location: Ronald Reagan Building

Date: November 12-13, 2024
