

Andrew B. Einhorn is the CEO and Co-founder of OhMyGov Inc. and a public health and communications consultant with over a decade of industry experience. Mr. Einhorn heads research and development efforts of a National Science Foundation-funded influence monitoring and policy analysis platform created exclusively for public sector analysis and use. Previously, as a Georgetown University faculty member and consultant for ICF International, Mr. Einhorn supplied technical assistance, drafted agency policy, conducted regulatory analyses, and provided communication support to over two dozen public and private sector clients, including a dozen federal agencies, Congress, the Canadian government, the Singapore government, and Microsoft.

Mr. Einhorn is a published author and columnist for the Huffington Post, and has spoken about his experiences on international cable news networks and syndicated radio shows. He holds a Bachelor's degree in psychology from Emory University and a Masters of Engineering Management from The George Washington University.
