The DAU and FAI training courses are generally no-cost tuition to government employees. However, travel costs to classroom sites are the responsibility of each Agency requesting training slots. The above course sequence is offered for reference and guidance in expanding contracting audit specific expertise within the audit community. The course sequence may be used in part or in total and in conjunction with Agency

specific contract audit training that may have been previously established. DAU and FAI offer a variety of other specialized and more advanced courses that can be taken to address specific audit needs.

Please visit DAU or FAI Web sites at: <http://catalog.dau.mil/onlinecatalog/tabnav.aspx> or <http://www.fai.gov/training/courseldt.asp> to view the complete list of courses.

The above classes/subject areas may also be available through other commercial or educational institution.
