

Sid Schwartz

Director, Center for Design, Methods, and Analysis

Applied Research and Methods Team

US Government Accountability Office

Sid Schwartz is Director of the Center for Design, Methods, and Analysis in the Applied Research and Methods Team at the U.S. Government Accountability Office (GAO). Mr. Schwartz was a supervisory statistician in the Center before becoming its Director.

The Center's staff of social science analysts, survey specialists, statisticians, and computer specialists support and extend the work of other GAO teams by helping to conceptualize researchable questions, select appropriate research methodologies, design and implement data collection strategies, and gather and analyze complex data. The Center's technical and specialist expertise contributes to the overall quality of the information with which GAO supports congressional and federal agency decision-making.

Earlier in his federal career, Mr. Schwartz was a statistician at the U.S. Postal Service and at the U.S. Census Bureau.

Mr. Schwartz holds Bachelor of Science and Master of Arts degrees in Mathematics from York University.
